

A person wearing sunglasses and a black tank top is kneeling in a garden bed, planting a green plant. The garden bed is filled with dark soil and several other plants in black pots. The background is a bright green color.

PREPPING YOUR GARDEN FOR SPRING WHILE SAVING WATER

Did you know that there are local seminars featuring cool conservation-oriented topics like: New to Colorado Landscaping, Turf Removal and Intro to Xeriscaping. They're FREE and taught by local landscape and horticultural professionals! Virtual via Zoom, and oh-so-helpful at this time of year when we're all starting to plan our spring gardens!

Hosted by Resource Central, you can check out the list of seminars and get registered for the ones you like: www.resourcecentral.org/seminars
