

MEET YOUR WATER SERVICE PROVIDER

You know water comes out of your tap when you turn it on, but we want you to get to know Fort Collins-Loveland Water District a little better than that! Here are five things you might not have known about your water provider.

- 💧 We're a Title 32 Special District that provides water for over 60,000 people throughout 60 square miles in parts of Fort Collins, Loveland, Timnath, Windsor and Larimer County.
- 💧 We are a single-mission organization dedicated solely to providing sustainable, high-quality, secure, reliable and cost-effective water.
- 💧 We're led by an elected board of directors filled with business experts from various backgrounds. Our customers can speak to them or simply observe local government in action by attending our board meetings, which are open to the public and listed on our website.
- 💧 Our District is highly collaborative, consistently working with other municipalities, utilities and industry leaders to ensure our customers have access to reliable, cost-effective water.
- 💧 Our team cares deeply about customer service. Across all departments and roles, we take the time to answer a customer's questions or concerns directly.
