

Schedule Your Irrigation Audit Soon!

Slow the Flow is a FREE sprinkler consultation that helps you start the watering season with an efficient irrigation system. A trained technician reviews your setup, identifies opportunities to save water and helps prevent common issues before they turn into higher bills or wasted water.

- **Book early to secure your spot:** Appointments fill quickly once spring arrives.
- **Prevent waste before it starts:** Catch leaks, misaligned heads and programming issues early.
- **Water smarter from day one:** An optimized system helps conserve water and manage your monthly bill from the start of the watering season.

Schedule your Slow the Flow consultation at [fclwd.com/resources/conservation/slow-the-flow](https://www.fclwd.com/resources/conservation/slow-the-flow) and start the season smart.
